WEIGHT MANAGEMENT

Through our relationship with the Body Metabolism Institute (BMI) we can help you lose weight.

BMI founder and medical director, Dr Leon Massage has more than 25 years experience as a Primary Care Physician specialising in metabolism and weight loss.

After an initial body fat analysis and metabolic assessment, you will receive an individually designed nutrition and activity plan to enable you to better manage your weight.

Through BMI you will learn how to boost your metabolism, lose excess fat and keep it off.

Book a no-obligation, consultation with one of our doctors to discuss your options for surgical cosmetic treatments. There is no up-front fee for initial consultations.

Book a complimentary consultation with one of our specialist nurses to discuss your options for non-surgical rejuvenation treatments.
